PLAN REVIEW PROCEDURE Please submit for each Project (See [C] above):

- (1) One complete set of construction documents (including applicable spec book). Submittals remain the property of East Texas Code Consultants.
- (2) A copy of an on-line Project Registration Confirmation Page from <http://www.license.state.tx.us/abprojectregistration/> for your project, or a correctly and totally completed State Project Registration Form (TDLR FORM 005AB) obtained from our website at www.etexcc.com.
- (3) A check for the appropriate review fee from our fee chart (or by special quote). Please be sure all submittals are correct and complete to prevent delay in processing. We cannot assume any responsibility for scheduling review, registration, follow-up, or any other service for incomplete submittals. We will register your unregistered project on-line with Texas Department of Licensing and Regulation (TDLR) immediately after receiving correct submittal. We will pay the project filing fee to TDLR after your project is properly received.

Fast-track (segmented submittal) Reviews For Phase 1, determine plan review and filing fee from above schedule based on project cost to completion of all phases of entire project. Submit construction documents, Project Registration describing entire project, and applicable fee with Phase 1. All Phases are Registered with TDLR under one Project Registration Number and one Project Registration Fee. Send a \$250.00 additional check with each Additional Phase submitted for plan review beyond Phase 1.

SITE INSPECTION PROCEDURE

- (1) Submit the appropriate inspection and mileage fee from our fee schedule with a Request for Inspection form signed by the property owner (or designated agent in writing) requesting us to perform the site inspection. Base Inspection Fee does not include mileage. No mileage fee is charged for the first 60 miles of travel distance from Longview (please call if unsure of the appropriate mileage fee). The Inspection fee needs to be paid in full before we can acknowledge, schedule your inspection in our records, request the files for projects not reviewed by us, or perform any other service related to your inspection. shown above when sending us the Inspection Fee. If you know the EABPROJ#, please refer to it in your letter request. Please describe the project and the job site address in your letter request (or include a copy of our site inspection proposal letter). For Expedited Inspections, see [B] above.
- (2) When the project has not been reviewed by us, or was reviewed prior to January 1, 2002 by us or another RAS, we must request (by signed form) and receive the project files from the State, or the RAS who did the review. The project must be completed before the inspection can be performed.
- (3) Within one year of the scheduled completion date, and after receiving the project files when not in our immediate possession, we will contact the project owner or his designated agent to arrange for the inspection. A copy of the Inspection results will be submitted to the project owner.
